Female Health Essentials

Modern women are amazing, juggling more responsibilities than ever before. The pressures of life affect the well-being of your female patients. They can also impact on physiology and endocrine health. More and more women are seeking out support to help them rise to life's challenges. As health care professionals, there's much we can do to help our female patients enhance their vitality and well-being.

MediHerb's Female Health Essentials is a comprehensive range of high quality products that support many important aspects of female health to promote optimal vitality and well-being.*

LivCo®

- The brilliant combination of Milk Thistle, Schisandra and Rosemary is ideal for liver function and digestive health support
- LivCo's potent antioxidant properties help protect liver tissue, enhance the body's natural liver detoxification process, eliminate toxins and maintain cellular health
- The Milk Thistle component is standardized to contain 24 mg per tablet of flavanolignans, ensuring optimal strength and quality
- It can also help ease the effects of everyday tension and stress*
